FOR once I was lucky. The elegant and harrowing career of Katherine Bush ended just as our subscription to the Cosmopolitan liked. The fair and wise Katherine's first affinity, Lord Algonquin Fitz-Rufus, lasted for a long time. Katherine married "dook" whose face is as long as a pole, and whose clothes fit him like a suit. UPLIFTING THE DRAMA. The shades of night were falling fast. A hundred thousand persons passed. The owner wept and wondered why. The people scorned and ambled by. His movie show.

The owner said, with leaking eye: "I wonder why they pass me by? I must have pip or goat," said he, "Or typhus germs or leprosy, or smallpox."

"Nay! Nay!" a stranger made reply And stooped him with his eagle eye. "One simple little thing you need To make the public pause and heed; Publicity."

Next day and night the house was filled. Although a puny show was billed. While turning crowds and crowds away.

The ticket seller had to say: "Nothing doing." Ten thousand women raised a din And nudged and fought to scramble in.

Because a sign gleamed overhead And in electric letters said: "FOR WOMEN ONLY." —Globe-Democrat.

OUR LUNGS ARE DELICATE. Overwork, lack of fresh air, mental strain or any sickness disturbs their functions. Stubborn coughs tear and wear the sensitive lung tissues.

SCOTT'S EMULSION should be taken promptly for hard coughs, unyielding colds, or when strength is lowered from any cause. Its high nutritive value creates resistive force to ward off sickness. The rich cod liver oil improves the quality of the blood to relieve the cold and the glycerine is soothing and healing to the lung tissues. Refuse Alcoholic Substitutes Which Exclude the Oil.

FEDERATION INTERESTED IN BOY SCOUTS HERE

The Mexico Boy Scout movement, which has failed to prosper for several years because the men in charge were too busy to give it their full time, will likely be rejuvenated with the aid of the Mexico Federation of Clubs. At a preliminary meeting at the home of Mrs. E. A. Dearing, President of the Federation Friday evening, plans were discussed for this work. Those present were Mrs. Howe, Mrs. J. W. Millon, Mrs. T. H. Winans, Herbert Pryor, Roy Ferris and Mitchell White.

The preliminary plan as discussed is to have a committee from the Federation aid in the management of the Scout organization. Quite a number of men have already volunteered as Scoutmasters. With the Federation in charge of the business part of the Scout organization and sufficient men to have charge of the boys in their work the movement can be carried forward with great success.

Henceforth the work has devolved on a few men who did not have the time to devote to it that was necessary. Under the new arrangement every boy in town should have the opportunity to enjoy the advantages of the Scout work. Another meeting will be held shortly to complete the preliminary details.

If the plans for the Scout organization enlargement materialize, a number of medals will be offered. There will be one for Woodcraft, Athletics, First Aid, two for school work, one for Good Deeds, Manual Training, Thrift, Wireless, Personal Appearance, and finally one as a surprise. There will also be first, second and third honorable mention in each department.

The Federation voted recently to co-operate with the Scout movement and their influence will aid much in its success.
